

DTJ 301.1

USB/DJ turntable - brief description

TURNTABLE
PLATTENSPIELER

USB
UNIVERSAL SERIAL BUS

Professional device with USB function! Enjoy your old record collection in the highest quality and enjoy your memories. The Dual DTJ 301 not only plays your new and old records in the usual quality, but also offers you additional functions, such as the USB function for digitizing your old records or the option of scratching your records. The direct drive enables the target speed (33/45 revolutions per minute) to be reached quickly with a start/stop time of <1 second. You can connect the record player to your amplifier or your computer (via USB cable) using an audio cable.

The device also has an aluminum cast turntable with an antistatic felt mat, a magnetic pickup system and an integrated needle light.

Characteristics:

- Direct drive motor with quick start and quick stop function (< 1 second)
- Speed in revolutions/minute: 33/45
- Built-in equalizer preamplifier
- Aluminum cast platter, centering puck and needle lighting
- Anti-skating and bearing pressure adjustable
- Suitable for scratching records
- Damped S-tone arm
- USB connection for digitizing records (Audacity software included)
- Connection via phono input or audio input (AUX-In)

DTJ 301.1

Technical specifications
