2 SPEEDS & PULSE

2 Speeds with Pulse
Provides versatility for a range of dishes

1000W

1000W Power
Powerful 1000W motor to chop, shred and slice with ease

CAPACITY

Large 3.5L Bowl
Process more ingredients for large serving sizes

Starting Up:

Ensure you read the instruction manual before attempting operation

1.

Unpack

Unpack the contents of the box. Place the base on a flat level bench.

2.

Place The Bowl

Place the bowl onto the motor base with the handle facing slightly away from you.

3.

Lock The Bowl

Twist the bowl so it clicks into the locked position.

4a.

Mount The Blade

If using one of the blades, mount the assembled spindle into the bowl. Insert ingredients at this stage.

4b.

Mount The Disc

If using a processing disc, insert the spindle, then the assembled disc adaptor.

5.

Place On Lid

Place the lid on top of the bowl, lining up the indicator with the "unlock" symbol.

6.

Lock The Lid

Twist the lid clockwise until it clicks into position.

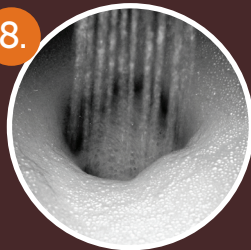

7.

Start Processing

Plug the appliance into a power point and turn ON. Turn the control dial to the desired setting. Feed ingredients through the feed chute if using discs.

8.

Cleaning

To clean, wash all accessories with warm soapy water. Wipe down the base with a moist cloth.
